QR Ph

Panu gamitin ang QR Ph?

Ang QR Ph ay tumatanggap ng payments mula sa iba't ibang apps tulad ng:
[insert all partner logos here]

I-scan ni customer anf QR code gamit ang kanyang app

I-type at I-send ang halaga ng babayaran

Hintayin ni customer at cashier ang notification na may reference number

Paano kung walang text na dumadating?

Siguraduhing may charge at signal ang phone

Tingnan kung puno na ang inbox at mag-delete ng messages kung kailangan
Hanapin ang reference number ni customer sa iyong gamit na app

AUB Paymate

AUB PayMate Guide

How to accept CARD QR Payments:

Customer opens their QR scanner from their mobile phone.

Customer scans the Card QR code, enters the amount, inputs card details, and confirms payment. *this step should not exceed 10 mins as this may cause payment failure.

Merchant confirms payment status from the AUB PayMate App/Portal.

REMINDER: Stable internet connection and a strong cellular network in the area from the customer's mobile device is required to transact and receive OTP SMS.
